## ACFA co-hosts major ethanol conference

**T**he Australian Cane Farmers Association is a proud co-host of an international ethanol conference which is to be held in Brisbane in May of this year.

The conference, sponsored by the Queensland Government and entitled "Ethanol 2006 Australia", will provide an invaluable and timely opportunity to meet and discuss how Australia will meet the ethanol production and use targets set by state and federal governments.

It will bring together industry leaders, agriculture business firms, investors, technology providers, vendors, government, trade association and other stakeholders to discuss developments opportunities whilst raising ethanol's profile as a cheaper, cleaner and greener fuel for Australia.

The conference will also feature an ethanol industry tradeshow and 3 specific seminars:

ins and outs of ethanol plant operations, and important factors for building an ethanol plant.

\* During the Investors and Lenders Seminar, ethanol plant investors will ask lenders to review their financing options, and lenders will have an opportunity to get up to speed and meet with other lenders who have already financed ethanol projects.

\* The Distillers Grains Workshop will educate current and future ethanol producers; beef and dairy cattle, poultry and pork producers; commodity groups; and project developers on the value, handling and marketing of distillers grains and distillers solubles.

The conference will be held at the Hilton International Hotel, Brisbane, on the 8-11 May, 2006.

For more information visit <http://www.bbifbiofuels.com/ethanol2006/>

\* Ethanol 101 will present the basics of ethanol production, the
